**HIGH PRESSURE CLEANER  
HOGEDRUKREINIGER  
NETTOYEUR HAUTE PRESSION  
HOCHDRUCKREINIGER  
HIDROLIMPIADORA**

This high pressure cleaner is fit for heavy use. It has a 2200W motor that can deliver an impressive water flow up to 450l/hour at a maximum pressure of 170bar.

The high pressure cleaner has an automatic start/stop system. This means that the motor only works when the gun is activated. The result is an easy-to-use cleaning system that at the same time will save a lot of energy and water.

The POWXG90420 is an all-rounder that can count on a large integrated detergent tank of 1100ml for use with soap or detergents. It also has a convenient 8m hose and a 5m electric cable. This provides a high flexibility and freedom of movement.

On top of that, this tool comes with plenty of accessories. There is the metal gun with adjustable nozzle, a turbo nozzle, a patio cleaner and a lance extension.
